

### Scattering Garden

*M*ount Hope's scattering garden provides a tranquil location to scatter cremated remains. The garden overlooks the most historic area of the Victorian cemetery. Granite monuments are provided at the site to memorialize loved ones. Scattering occurs directly behind the memorial. A nominal recording fee of between \$25 and \$50 is all that is required to perform a scattering. The fee to inscribe an individual's name and birth and death years on the memorial is \$395.

### **Choose Mount Hope Cemetery to Honor Your Loved One**

Many families choose to place their loved one's cremated remains in a permanent site, such as a cemetery. At Mount Hope we offer many options, including burial in the ground, placement in a columbarium niche, or scattering of the cremated remains in a designated garden.

A committal service can accompany the placement of cremated remains in the final resting place. A non-denominational service room is available onsite for committal services.

Feel comfortable choosing our cemetery as your loved one's final resting place. Our longstanding history and respected reputation enable you to choose Mount Hope with confidence.

### **Circle of Tranquility Columbarium**

The location of the columbarium affords a view of the 1912 Chapel and handicap accessibility. One or two urns may be placed within the niche space, dependent on urn size. A classic bronze plaque on the niche front memorializes the name, and birth and death years of a loved one.

Memorial benches are also available and may be engraved.

*Niche Dimensions: Height 10.5"; Width 5.5"; Depth 11.5"*

### **Serenity Garden Columbaria**

The garden area includes twin columbaria and bench seating for visitation. One or two urns may be placed within a niche space. The niche front affords the ability to engrave the name, and birth and death years of a loved one along with etchings or emblems. Private estate columbaria are also available in the garden.

*Niche Dimensions: Height 12"; Width 12"; and Depth 11.5"*
